INTRUSIONS

To Miguel Laclaustra

Death smells

in distorted tormented body, gnawed by SIDA.

The hospital

kept him alive with a muscular
intervention of modern medicine.

Encrustation of

liquids and millions of translucent
plastic systems

attaching themselves with violent gestures to
his ombligo, his anus, his mouth....

Thousands and Thousands

of plastic tubes of melted medicine
and flesh anorexic body.

memories....
Becoming translucent, the colossal devour bones, flesh, visions,

Our eyes inflamed of tears.

1995
