What to look for when buying Title Insurance

PROMPT SERVICE

Searching and reporting on the condition of title to real estate is an exacting procedure, involving the checking and cross-checking of many kinds of records. Chicago Title and Trust Company—and its associated abstract companies serving every county of Illinois—maintain complete records of all matters affecting title to every parcel of land in this state. It is these records which make possible the reliable and *prompt* service that you require in today's competitive market.

FINANCIAL STRENGTH

Behind the title insurance policies that safeguard investments in valuable real estate there must be financial responsibility and strength. Chicago Title and Trust Company has greater financial resources than any other title company operating in the Middle West.
